\*NCAA is a registered trademark of the National Collegiate Athletic Association.

## Fun. Family. Fitness.

- ✓ Build Confidence
- ✓ Stay Healthy
- ✓ Endless Number of Games to Play
- ✓ Know Where Your Kids Are
- ✓ Be the Ultimate Host
- ✓ Sharpen Skills
- ✓ Less Screen Time, More Family Time
- ✓ Create Life-Long Memories

## Be the Hangout House

Make your backyard the center court—where your family plays, bonds, is active together and creates life-long memories. Neighborhood kids drop by for a friendly afternoon competition. And your young athletes take their games to the next level. When you install a Sport Court backyard court, you'll know your kids will be safe, close to home, active and happy.

## Why Sport Court?

50 Years of Experience

Safe Surface

Lower Skin Abrasion  
Compared to Concrete

Built-in Shock Absorption  
Forgiving on Joints

Low Maintenance

Excellent Customer Service

Full Turnkey Service

World's Largest  
CourtBuilder™ Network

# The CourtBuilder™ Advantage

Your local CourtBuilder team will custom design and install your court based on your favorite sports, available space and budget. And they can also install all game equipment as well as lighting and fencing—so all you have to do is go out and play!

- ✓ Local Court Builders
- ✓ Since 1974
- ✓ BBB Approved
- ✓ Construction Management
- ✓ Over 100,000 Courts Built
- ✓ Ongoing Service
- ✓ One Stop Shop

## From Planning to Play

### 1. Contact Your Local Sport Court CourtBuilder

Your CourtBuilder will work with you to determine which court layout and accessories best support your space, budget and favorite games.

### 2. Schedule An Estimate

Your CourtBuilder will assess space, installation requirements and cost estimates. Your CourtBuilder will meet with you at their showroom and/or at your house to assess the installation requirements and costs.

### 3. Professional Installation

Depending on the scope of work, your court will typically be ready in a few days to a few weeks.

Each project is unique and may include the following steps:

1. Site preparation
2. Pouring a concrete slab or alternative foundation best suited to your needs / your property
3. Installation of surface and equipment

Your local CourtBuilder will guide you through each step of the process so you can sit back and spend your time planning all of the games and activities you will play on your new court.

# A Court for Every Space

Your local CourtBuilder will work with you to create a custom court and color design that fits your space and needs. From basketball and pickleball to multi-sport surfaces, they'll work with you every step of the way.

**Sport Court can customize your court to any size. Here are a few of the popular sizes:**

50' x 80'

30' x 60'

35' x 55'

25' x 45'

25' x 30'

**Sport Court also has indoor residential courts. Contact us to start planning your in-home gym!**

# Accessories

## Hoops

### Playability

Height-adjustable backboards provide athletes of all sizes with professional-grade playability. The design minimizes vibration and backboard movement for optimal rebound.

### Commercial Grade Longevity

Made with the highest grade materials providing superior corrosion protection for long-lasting and durable use year after year.

## Lights

### Extend the Game

Sport Court Light Systems extend your playing time, letting you play a game of pickleball or one-on-one well after the sun goes down.

### Energy Efficient Design

The clean look and design of our lighting system complements the other elements of your game court. Upgraded LED light systems save energy and provide better lighting control.

## Ball Containment & Rebounders

### Defense

Ball Containment prevents home and landscape damage caused by runaway sports equipment. Plus, you spend more time practicing shots instead of chasing the ball!

### Practice anytime

Sport Court Rebounders enhance skills by allowing you to practice anytime of the day without your team.

## Multi-Purpose Net Systems

### Quick and Easy Transition

Raise or lower nets without missing a serve. Designed with a range of sports in mind, the easy-to-use net adjustment system allows you to pivot from pickleball / short tennis to badminton or volleyball in a matter of minutes.

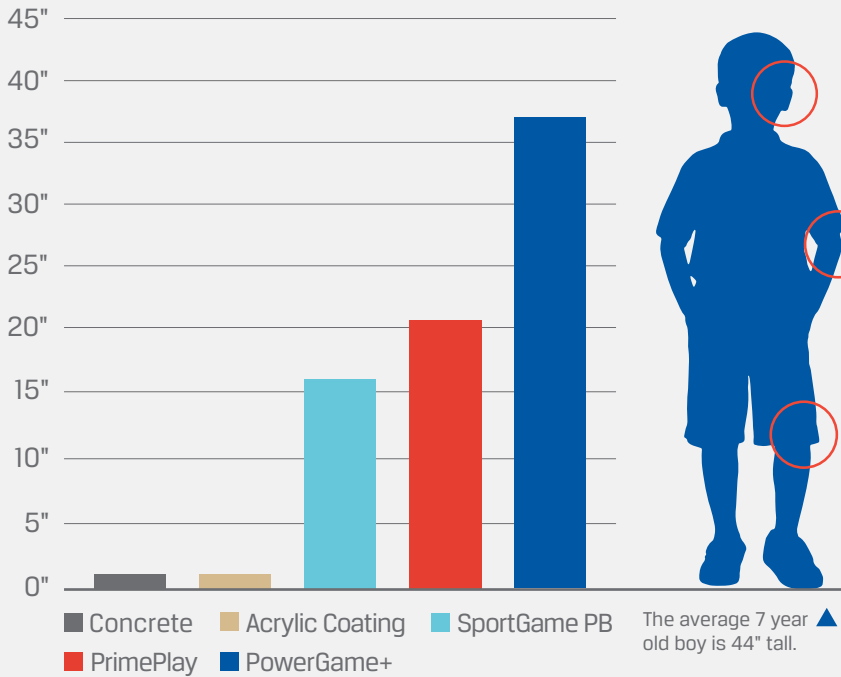

# Give Your Family a Safe Surface for Play

All Sport Court tiles provide exceptional protection against abrasions, head injuries and joint strain. Extensive third-party testing ensures that athletes of all ages remain safe while playing on Sport Court surfaces.

## Impact Protection Index

## Superior Impact Protection

A head impact from a few inches above a concrete or acrylic surface can cause a concussion. Sport Court surfaces are significantly more forgiving and reduce the likelihood of serious head injuries from a fall, and they provide more protection against impact injuries to wrists, arms, knees and shoulders compared to other hard-court surfaces.

Critical Fall Height is a test used in conjunction with the ASTM 1292 standard for evaluating playground surfaces, such as sand, wood chips, resilient rubber and asphalt.

## Lateral Forgiveness™

Too much lateral movement is like trying to change direction while running on ice; you keep sliding. Not enough lateral movement can create strain on your muscles and joints. Sport Court's Lateral Forgiveness feature allows for slight movement between tiles to absorb the transition forces generated from sudden shifts in direction, reducing the risk of muscle and joint injuries.

## Lower Risk of Skin Abrasion

Abrasions and scrapes can be common when slipping on a hard court. All Sport Court tiles feature specially designed surfaces that lower the risk of skin damage without compromising on traction.

Asphalt, concrete and acrylic are much more abrasive and will cause injuries to skin when falling.

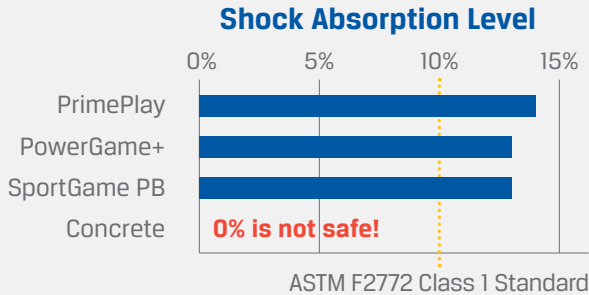

## More Shock Absorption

Shock absorption is the ability of the surface to absorb the energy of an impact. Sport Court surfaces feature patented, vertical shock-absorbing grids to reduce the risk of short- and long-term injuries.

As an outdoor surface, Sport Court surfaces exceed minimum safety standards and meets ASTM F2772 Class 1 classification, the safety standard for indoor sports floors.

With no shock absorption, concrete is not a safe sports surface.

# PRIME PLAY™

- Multi-sport surface featuring patented WetTrax technology allowing play without having to wait hours for the court to dry\*
- 14% shock absorption protects athletes' muscles and joints
- Ball bounce comparable to a wood or concrete basketball court
- 15-year warranty

| Size             | Weight   | Head Impact<br>ASTM 1292 | Traction<br>EN 13036-4 | Ball Rebound<br>DIN 18032 |
|------------------|----------|--------------------------|------------------------|---------------------------|
| 12" x 12" x 0.5" | 0.75 lbs | 21.4" drop height pass   | 103/91 BPN (Dry/Wet)   | 99% ball bounce           |

\*Use athletic shoes. Do not use barefoot. Make an effort to clear court of excess dew and water.

# POWERGAME+

- Premium multi-sport modular surface
- Best-in-class UV protection from color fading
- Advanced double-tier design for high-impact protection
- Diamond grid design for fastest water drainage and lowest water retention
- 20-year limited warranty for residential applications

| Size              | Weight  | Head Impact<br>ASTM 1292 | Traction<br>EN 13036-4 | Ball Rebound<br>DIN 18032 |
|-------------------|---------|--------------------------|------------------------|---------------------------|
| 12" x 12" x 0.75" | 0.7 lbs | 37" drop height pass     | 99/45 BPN (Dry/Wet)    | 100% ball bounce          |

# SPORTGAMEPB

- Premium pickleball surface
- Consistent ball bounce response for optimal pickleball play

- 13% shock absorption, superior to acrylic
- Minimal maintenance required
- 15-year limited warranty

| Size                   | Weight   | Head Impact<br>ASTM 1292 | Traction<br>EN 13036-4 | Ball Rebound<br>DIN 18032 |
|------------------------|----------|--------------------------|------------------------|---------------------------|
| 9.842" x 9.842" x 0.5" | 0.45 lbs | 16" drop height pass     | 102/81 BPN (Dry/Wet)   | 100% ball bounce          |

# Design Your Ultimate Sports Experience

Your local CourtBuilder will work with you to create a custom court and color design that fits your experience: contemporary, nature-inspired, home-matching, official team or school colors, or traditional. From inspiration to installation, they'll work with you every step of the way. Choose the sport. We'll build the court.

## Outdoor Colors

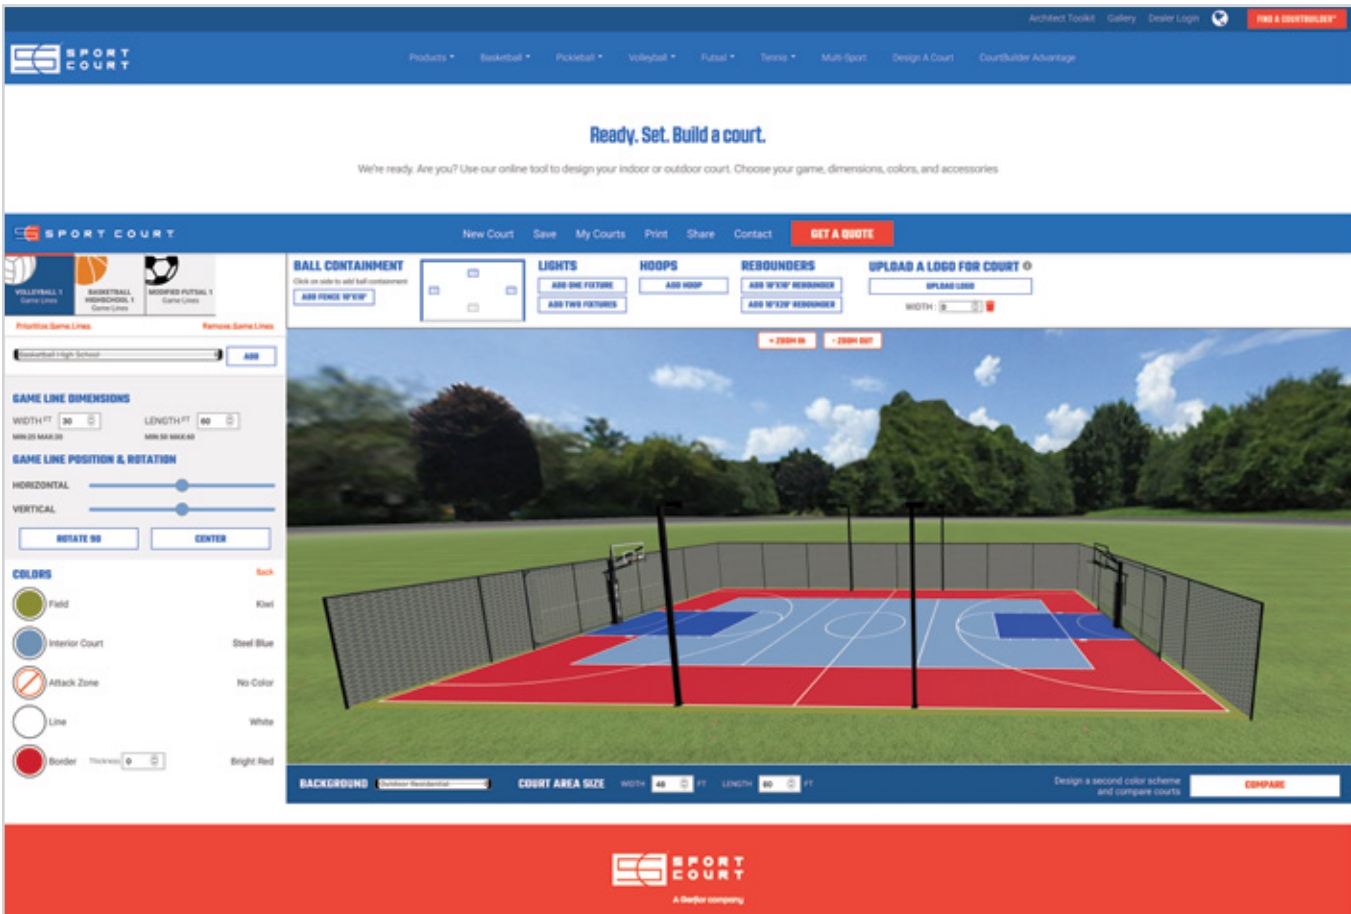

Some colors may not be available for certain products. Work with your local CourtBuilder for to identify the best options for your court.

# Ready. Set. Build a Court

Use our online Court Builder tool to create a custom court and color design. Choose your games, dimensions, colors and accessories today and start building life-long memories tomorrow.

## Long Lasting Color Stability

Outdoor courts face harsh conditions, including UV radiation, temperature extremes and humidity, all of which can degrade the court. In accelerated weather testing that simulates 10 years of sun exposure, the colors of PowerGame+ and SportGame PB tiles remained vibrant. Competitive tiles all showed fading well before 10 years with some showing fading in as few as 2 years.

**Competitor A** - 2 years

**Competitor B** - 3 years

**Competitor C** - 3 years

**PowerGame+** - 10 years

**SportGame PB** - 10 years
