

# Transform Your Facility with Sport Court

## Bring New Life to Your Courts

Aging courts can become unsafe, unattractive, and underutilized. With Sport Court® surfaces, you can easily revamp your space and provide athletes of all levels with a top-tier playing experience.

Sport Court offers high-quality, durable, and low-maintenance flooring solutions designed to enhance performance and safety. Whether for basketball, volleyball, pickleball, or multi-sport use, our innovative modular surfaces provide a cost-effective and visually appealing solution for court renovation.

### Why Renovate with Sport Court?

- **Fast Installation:** Quick overlay solutions for minimal downtime.
- **Safety First:** Shock absorption and lateral forgiveness reduce injuries.
- **Durability:** Weather-resistant and designed for long-term use.
- **Custom Design:** Choose from a variety of colors, logos, and configurations.

# Indoor & Outdoor Renovation Solutions

## Indoor Court Renovation

Give your gymnasium or indoor recreation space a facelift with Sport Court's premium flooring options. Our modular surfaces, including **Maple Select™**, **Response™**, and **Defense™**, provide superior shock absorption, ball bounce, and traction.

## Benefits of Sport Court Indoor Surfaces:

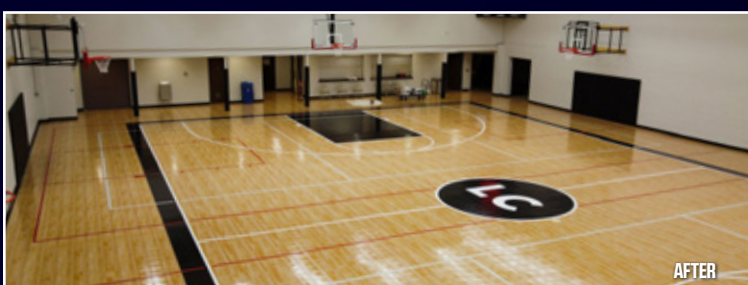

- Looks and plays like hardwood at a fraction of the cost.
- Engineered for safety, durability, and performance
- Customizable game lines for multi-sport use.
- Low maintenance and easy-to-clean surfaces.

## Outdoor Court Renovation

Aging asphalt and concrete courts can develop cracks, fading, and unsafe surfaces. Sport Court's outdoor solutions, like **PrimePlay™** and **SportGame PB™**, are designed to handle all weather conditions while providing a premium playing experience.

## Why Choose Sport Court for Outdoor Renovation?

- **All-Weather Durability:** UV protection prevents fading and deterioration.
- **Engineered for Playability:** Choose PrimePlay for basketball and multi-sport applications, or choose SportGame PB for pickleball play
- **Patented WetTrax™ Technology:** Excellent dry and wet traction\*
- **Low Maintenance:** No resurfacing or repainting required.
